## The Big Door Cover

The **Big Door Cover** is a pair of one left and one right hand covers for protecting the inside and outside of doors. They are a generous fit so will cover most doors, even coupe and truck doors.

The **Big Door Cover** can protect the interior or exterior of a door. The set will protect the inside or outside of two front doors, two back doors or one side of a vehicle.

The **Big Door Cover** is an 880 gram (32 oz) fiberglass blanket, hem sewn on all sides and has brasseyelets for securing in position.

The **Big Door Cover** is soft and compact and can endure Temperatures up to 550°C (1000°F) on the surface.

## The Big Blanket

The **Big Blanket** is a 2 x 2 metre (6ft6" x 6ft 6") welding blanket that gives you big protection from welding sparks, grinding sparks and hot metals when repairing motor vehicles.

The **Big Blanket** can protect upholstery, glass and expensive equipment

The **Big Blanket** is an 880 gram (32 oz) fiberglass blanket, hem sewn on all sides and has brasseyelets for securing in position.

The **Big Blanket** is soft and compact and can endure temperatures up to 550°C (1000°F) on the surface
